INDONESIAN INTERNATIONAL STUDENT MOBILITY AWARDS

2022

ABOUT IISMA

Indonesian International Student Mobility Awards is the Government of Republic of Indonesia scholarship scheme to fund Indonesian students for mobility program at top Universities overseas.

Undergraduate students could spend one semester (4-6 months) at the overseas partner university to study courses outside their major, to develop intercultural communication and leadership skills, to experience the host country's culture and develop international network.

The scheme is centrally managed by Directorate General of Higher Education, Research and Technology (DGHERT), Ministry of Education, Culture, Research and Technology (MoECRT) and is open for undergraduate students from all Indonesian higher education

KEY DRIVERS

INDUSTRY 4.0

Automation technologies are changing the workplace, providing a significant opportunity for nations and companies to boost productivity, efficiency, and growth. At the same time, they are altering the nature of work. Successfully harnessing these technologies will create jobs, but it will also displace others and change many occupations.

EMANCIPATED LEARNING

Every student has unique talent, passion, and aspiration for his/ her own future. Through Merdeka Belajar, Kampus Merdeka (Emancipated Learning) initiative, each student will have their own freedom in choosing multiple, self-directed, and flexible pathways to develop their competencies

INTERNATIONALIZATION

Apart from sending 1,000 Indonesia's brightest undergraduate students to top universities overseas, the program intends to give participating home universities the opportunity to build and strengthen partnerships with our global partners, thus enhancing Indonesia's higher education presence at the international stage

COVID 19 PANDEMIC

The coronavirus pandemic has made the 'skill gaps' issues more urgent. To meet the challenge, the future workforces are expected to develop critical digital and cognitive capabilities, social and emotional skills, adaptibility, and resilience.

COVERAGE

THIS AWARD COVERS

Registration and Tuition Fee
Paid at cost, directly to host university

Settlement and Living Allowance
Paid lump sum, to students. Students will be responsible for the accommodation payment

Economy Class Return Airfare
Paid at cost, booked by IISMA

Visa
Paid at cost, to students

PCR, Quarantine, and Health Insurance
Paid at cost, to students

Emergency Fund
To be used at IISMA discretion

MINIMUM REQUIREMENTS FOR STUDENTS

REQUIREMENTS

Active Undergraduate Students
- Semester 4-6 students under DGHERT
- Indonesian Citizen

Good English Proficiency
Minimum score
- IELTS (6.0)
- TOEFL iBT (78)
- Duolingo (100)

Nominated by Home University

GPA Minimum 3.0
Minimum GPA of 3.0/4.0, proven by latest academic transcript

AWARDEES' PROFILE

Qualified Applicants registered from 27 different provinces

2,551

Scholarships awarded in 2021, and will be awarded in 2022

EXPECTED COMPETENCIES

adapted from Future Work Skills 2020, published by Institute for The Future
for The University of Phoenix Research Institute

01 COMPUTATIONAL THINKING

Ability to translate vast amounts of data into abstract concepts and to understand data-based reasoning

Drivers: Computational world, new media ecology

02 SOCIAL INTELLIGENCE

Ability to connect to others in a deep and direct way, to sense and stimulate reactions and desired interactions

Drivers: Rise of smart machines and systems, globally connected world

03 NOVEL & ADAPTIVE THINKING

Proficiency at thinking and coming up with solutions and responses beyond that which is rote or rule-based

Drivers: Rise of smart machines and systems, globally connected world

04 CROSS-CULTURAL COMPETENCY

Ability to operate in different cultural settings

Drivers: Superstructured organizations, globally connected world

05 SENSE MAKING

Ability to determine the deeper meaning or significance of what is being expressed

Driver: Rise of smart machines and systems

06 TRANS DISCIPLINARITY

Literacy in and ability to understand concepts across multiple disciplines

Drivers: Extreme longevity, computational world

07 NEW-MEDIA LITERACY

Ability to critically assess and develop content that uses new media forms, and to leverage these media for persuasive communication

Drivers: Extreme longevity, new media ecology, superstructured organizations

08 VIRTUAL COLLABORATION

Ability to work productively, drive engagement, and demonstrate presence as a member of a virtual team.
Drivers: Globally connected world, superstructured organizations

09 COGNITIVE LOAD MANAGEMENT

Ability to discriminate and filter information for importance, and to understand how to maximize cognitive functioning using a variety of tools and techniques

Drivers: Computational world, new media ecology, superstructured organizations

10 DESIGN MINDSET

Ability to represent and develop tasks and work processes for desired outcomes

Drivers: Computational world, superstructured organizations

COURSES BRIEF

PRINCIPLES

Students can learn any subjects of their interests beyond their field of study at home university. Their study major should not be taken into consideration in enrolling to courses at their host university

COURSES OFFERED

10 shortlisted courses offered to IISMA students

COURSES TAKEN

Each student enrolled in 3-4 courses from the approved list

CLASSES NATURE

Student study in the same class as other local or international students

SAMPLE COURSES

Nanyang Technological University
- Engineering Solutions by Design Thinking
- Venturing into Entrepreneurship
- Intercultural Communication
- Language, Technology, and the Internet
- Effective Communication in the Global Workspace

The University of Edinburgh
- Scottish Studies: Conceptualizing Scotland
- Origin and Diversity of Life
- Environmental Engineering & Sustainability
- Contemporary Issues in Health & Wellbeing
- Currents: Understanding and addressing global challenges

Urban Systems & Sustainability: 4 units
Offered by: University of California, Davis

Competencies included: Transdiscplinarity, Novel & Adaptive Thinking, Design Mindset
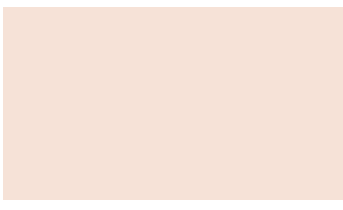

Systems-level approach of how to evaluate and then modify sustainability of urban systems based on interaction with natural environments. Topics include: definition/metrics of urban sustainability; system analyses of urban systems; enabling technology, policies, legislation; measures and modification of ecological footprints.

**Introduction to Global Emerging Cities: 0.5 credits**
Offered by: University of Waterloo

Competencies included: Cross Cultural Competency, Design Mindset, Transdisciplinarity
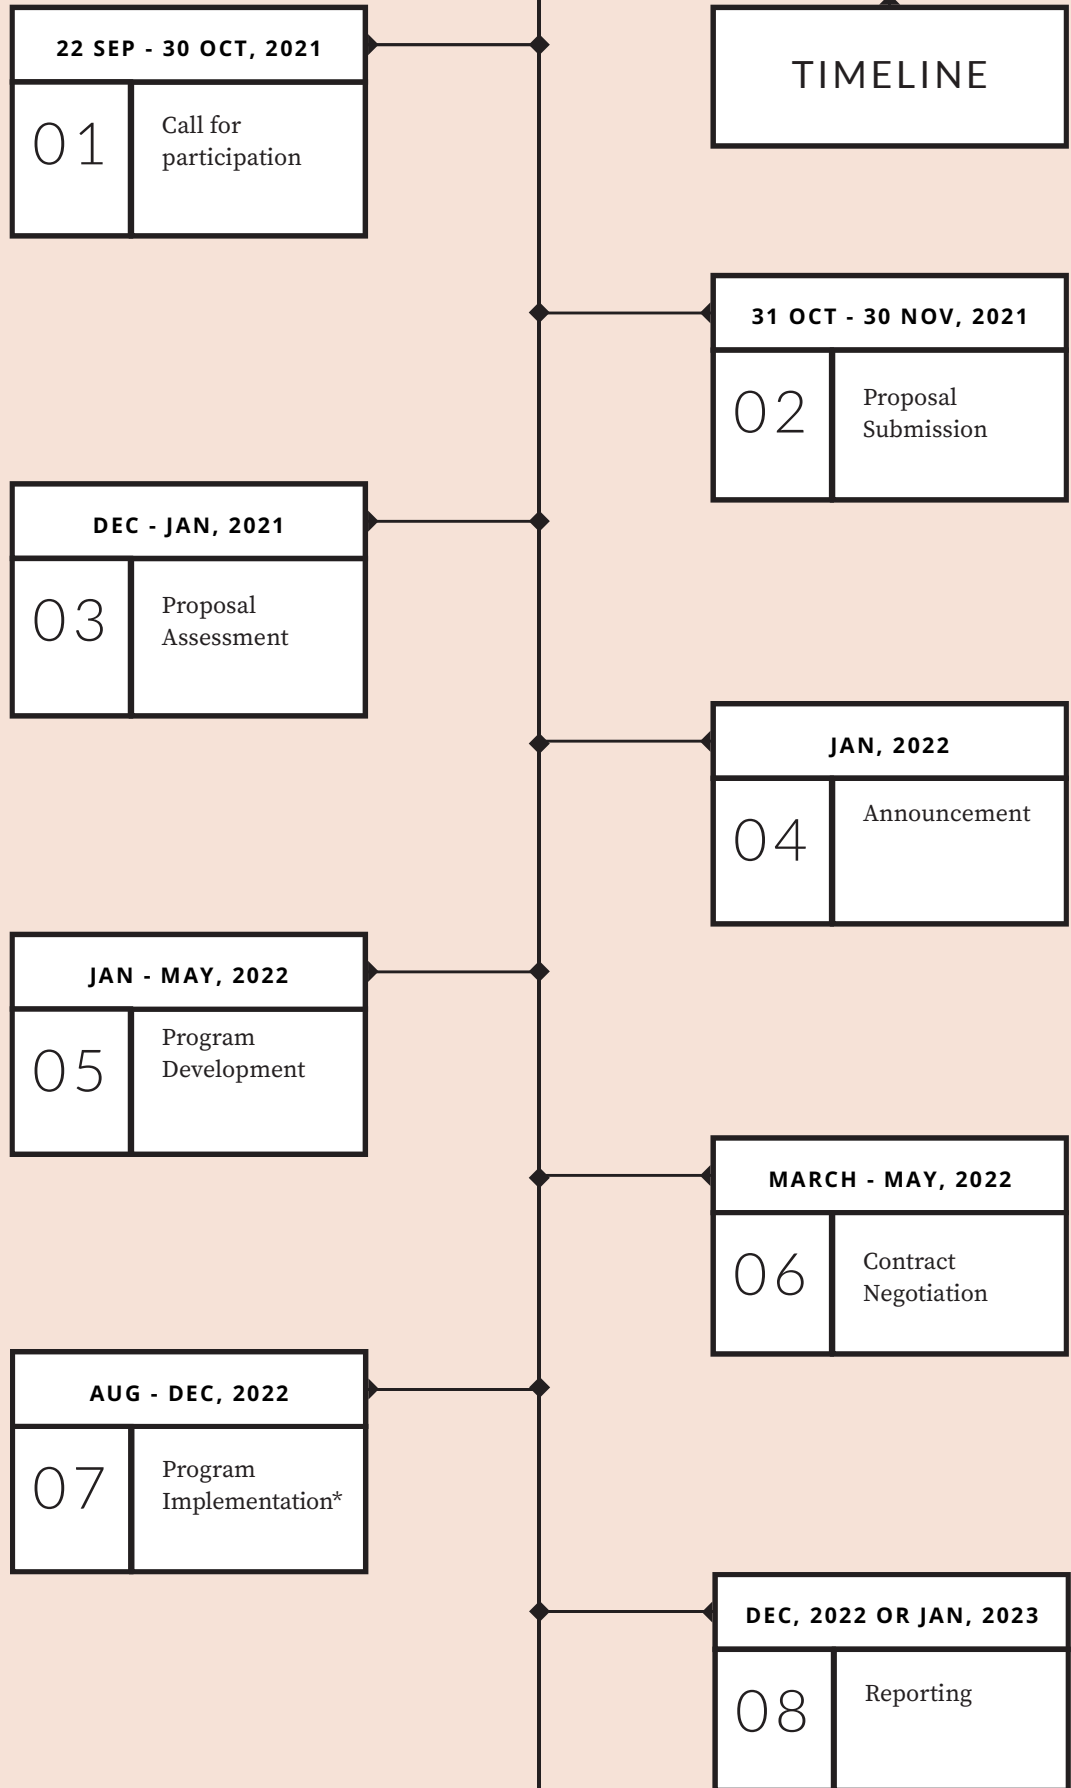

Systems-level approach of how to evaluate and then modify sustainability of urban systems based on interaction with natural environments. Topics include: definition/metrics of urban sustainability; system analyses of urban systems; enabling technology, policies, legislation; measures and modification of ecological footprints.

PORTRAITS

Featured: Ardia Khairunnisa Setiawan (Maastricht University, NL), Zalfa Attiyah Faradiba Jatmiko (Sapienza University of Rome, IT), Aldine A. Adinda (University of Padua, IT), Ernanda Dalimunthe (Universitat Pompeu Fabra, ES), Diaz R. Triwardhana (University of Pecs, HU), IISMA - VU Amsterdam awardees (VU Amsterdam, NL)

TIMELINE

22 SEP - 30 OCT, 2021

01 | Call for participation

31 OCT - 30 NOV, 2021

02 | Proposal Submission

DEC - JAN, 2021

03 | Proposal Assessment

UNIVERSITIES PREFERENCE

RECOGNITION

University reputation based on QS 2022 Rangkings standard

COUNTRY/ REGION

Different countries selection to enhance program diversity

PROGRAM VALUE

Provide programs that match criterias set by MoECRT

GENERAL CRITERIA

IISMA Partner University must:
- Be accredited/recognized in their country
- Be ranked in top 5 in their country or in top 300 QS 2022 Ranking
- Experience in hosting international students, preferably Indonesian students
- Offer courses in English

SPECIFIC CRITERIA

IISMA partner university MUST:
- Organize undergraduate level classes/courses with the following requirements:
    - Students take 3 – 4 courses for one semester
    - The courses must meet IISMA's expected learning outcomes
- Students spend one semester (4 – 6 months, 16 meetings per course including exam)
- Students can learn any subjects of their interests beyond their field of study at home university.
- Provide transcript, certificate of participation and student progress report issued upon completion.
- Provide enrollment requirements such as GPA and English Proficiency.
- Accept TOEFL iBT, IELTS and Duolingo Test.
- Agree to accept list of IISMA awardees. No additional selection process by host university required.
- Offer monthly-payment accommodation (without meal plan) for IISMA Awardees, as well quarantine if your government does not provide it.
- Organize and facilitate cultural events for the students.
- Provide any necessary services for international students. (e.g., pastoral care, airport transportation, student counselling, student buddies/mentors orientation co-curricular/extra-curricular activities, accommodation, travel information and immigration).
- Agree to avoid disputes resolution through any court and international arbitration; and agree to resolve any disputes through mutual consultation.
- Agree to finalize contract of IISMA one month after receiving the draft.
